

Dear Friend,

The Oconomowoc Public Education Foundation (OPEF) is dedicated to making great public schools even better. OPEF provides funds for innovative educational opportunities not funded in the annual budget of the Oconomowoc Area School District (OASD).

WHAT WE DO

Since 2007, OPEF has provided more than \$450,000 in classroom grants, including:

- Drug and alcohol awareness and prevention programming through the Jennifer Bukosky Memorial Fund
- STEAM (Science, Technology, Engineering, Art and Math) programs such as LEGO Robotics, 3D printing, and a digital microscope
- Environmental programs such as outdoor classrooms, gardens, and the Mud Lake Conservancy
- Literacy programs such as the Bookmobile and summer reading programs
- Arts education such as a piano lab, recording studio, and potter's wheel
- Health and wellness education such as adaptive gym equipment and pedometers
- Career and vocational programs in graphic arts and building trades

HOW CAN YOU HELP?

We could not do all of this—and more!—without the generous support of our community. Please support our mission to encourage leadership, foster excellence, and nurture a sense of belonging in our public schools.

Please return the enclosed envelope or visit www.opef.info to donate or learn more.

With sincere appreciation,

Angela Cowles
OPEF Co-President

Barb Woodruff
